Accordingly, battery resources have become limited in capacity. This is especially true for a mobile terminal requiring a long period of operation in a state of a low power consumption. In addition, as the use of mobile terminals has increased, various services for notifying users about various events such as changes in local time are provided. Mobile terminals are also used in a communication infrastructure system that provides a communication service. However, the capacity of a battery of a mobile terminal needs to be increased to maintain a communication quality regardless of the increase in use of communication services.Comedian Ali Wong went after President Donald Trump's supporters in a Saturday tweet. "Trump Stormy Daniels supporter has every right to pout like a 6 year old that isn't given any attention," Ali tweeted.
