
ViSoft Premium

[EN] ViSoft software for planning and designing rooms and bathrooms. Demonstration of creative functions. Part 3. This program presents the main functions in an accessible form: creating a floor plan based on standard drawings, building walls, choosing materials, furniture and decor, calculating the area of the room and much more. In the process of work there is a selection of colors and materials. ViSoft also allows you to choose one of the design options (more than 100 options) for the selected room. The program has a built-in Russian and English-Russian dictionary, which allows you to quickly select words and phrases.
