2018 American action adventure film directed by Otto Bathurst and written by Ben Chandler and David James Kelly from a story by Chandler. The events of the film cover the years of the Great Depression and all its manifestations, when groups of people survived in a ruthless hungry world. A young

man named Charles lives in a small town in Alaska. He is poorly brought up, and more than anything else, he dislikes the boring work on his father's farm. The young man does not have the slightest opportunity to escape from the tenacious paws of his father and mother in order to gain independence. One day,

Charles's father dies of a heart attack, and all the worries about the man are transferred to his daughter - the beautiful and capricious Caleb, who falls in love with Charles. Against the wishes of her parents, the girl asks them for permission to marry a young man, although her fiancé is an uneducated and rude

worker on the farm. However, the parents are firmly convinced that if Caleb manages to get out of the control of his own relatives, then their son will become a real person, not a robot. Therefore, Caleb has to use all her acting skills to make her parents happy for her. Watch Movie The Untold Story of Cinderella
