Aug 18, 2020 Jan 7, 2012 This video will show you how to install and play prototype 2 on windows 7 with winetricks Been playing this for a while now, got it running great on me with m310(after playing the game forever) playing it @900fps; nothing can show this fast. Played it for like 3 hours then got home to notice a couple things: i couldnt aim down the scopes of any of my guns and the shot was like 1/2 of the speed it normally is. its like i got capped in a matter of seconds ^_^ Jul 14, 2020 Aug 13, 2020 @ 9:50am I couldn't fix my issue or could it. All I get is black nothing and then it closes down. Oct 2, 2019 Trying to install it on Linux. Steam: Could not load the game. (Steam_Init, Not Authorized) Aug 27, 2020 After I installed this i got a black screen for some odd reason nothing after my monitor shows up.
