xStapl seems to be the official sPlan viewer, but there are not many comments on it. It is a free application that allows users to open sPlan files and view and save them. It does not seem to have a lot of configuration options and does not integrate with other programs. It does not show scroll bars which makes it more difficult to read long pages. You can only navigate pages, there is no printing option. It is only available in English. It does not save files to the clipboard, so you have to remember where you saved them. Nicki Minaj's Costume Is The Greenest One Ever The rapper and designer has taken a fashion icon to the next level Nicki Minaj has become a fashion icon, but this time, she's taking it one step further by picking up the most environmentally-friendly accessory imaginable: Her pink fur coat. Minaj posted a picture of herself wearing the fur piece to her Instagram page, explaining that it was the greenest coat she's ever owned. The "Starships" rapper teamed the warm coat with a black bikini, grey pants and matching sneakers. The fur coat is said to be fake and costs \$5,000. The 21-year-old singer was spotted at the BET Awards in Los Angeles last month, wearing the same fur jacket. At the time, she explained that the outfit was actually a gift from Rihanna. "It's actually not my fur," Minaj wrote on Instagram. "It's Rihanna's." The rapper is no stranger to fashion, having taken a more conservative approach for much of her career. But Minaj has been in the spotlight since she was 15 years old. And although she's made a name for herself as a rapper, she's also become a style icon
