What's New in the?

Yahoo! Emoticon Assistant is an application for Windows that allows you to get access to the huge collection of emoticons that comes with the Yahoo! Messenger platform. Provide access to the entire emoticon collection provided by Yahoo Messenger, Yahoo! Emoticon Assistant is a stand-alone application that relies on a very user-friendly approach to serve its purpose. As you probably know by now since you're a Yahoo Messenger aficionado, this popular instant messaging client shows only some of the emoticons in the chatting windows, while others are hidden and can only be used by typing in the "secret" code. Well, that's exactly Yahoo! Emoticon Assistant's goal: it shows all available emoticons in a separate window, together with a few other handy tools to enhance the whole experience. The interface is clean and well-organized, displaying all Yahoo Messenger emoticons and requiring just a single click to send the one you want. There is a dedicated option in the main window to send the emoticon immediately once you click it so, unless you check this option, it's enough to pick the desired emoticon to get its code in the chat window. The dimensions of the main window can be adjusted thanks to predefined settings, but Yahoo! Emoticon Assistant also gives you the power to add some emoticons to favorites and thus access the ones you like the most with just a few clicks. All in all, Yahoo! Emoticon Assistant also gives you the features. Yahoo! Emoticon Assistant is an interesting piece of software that works with all Yahoo Messenger versions and requiring just a few clicks to do its job. It's fast and required plant in version and requiring just a few clicks. All in all, Yahoo! Emoticon Assistant is an application. Thank you! Invitation You have received an invitation to join our friendly family of applications. Thank you! Description Yahoo! Emoticon Assistant is an application for Windows that allows you to get access to the huge collection of emoticons that comes with the Yahoo! Messenger platform. Description Yahoo!
