As always, we hope that they bring at least a little something to the table to make the listening experience worthwhile. So when we stumbled across this gem, we were a bit surprised. So much so, in fact, that when we listened to it, we immediately decided we had to share it with our readers. Enjoy, and check out the back story for yourself. — Jeff Goodell, editor-in-chief David Bowie's "The Man Who Sold the World" Brief Description: In the late '70s, David Bowie recorded this album as a response to the increasingly public industry-centered ambitions of his former band, The Spiders from Mars. It eventually became the first Bowie album to be released only on vinyl, and to be produced by Tony Visconti. Long Description: As we now know, "The Man Who Sold the World" is a rather disjointed collection of classic and quasi-classical rock songs and world music interludes that Bowie recorded for his 1987 comeback album, Let's Dance. Released the following year, it seemed to be a very public demonstration of his dissatisfaction with the direction of his music. The official story behind the album is that it was recorded during a brief period when Bowie was composing material for his next album. But as he explained in "Space Oddity," the truth was more complicated: "Musically, this is the album I've wanted to make my whole life. The only time I'd ever tried to compose before that was when I was
