In this game, you play as 15-year-old Cole Andrews, on an accidental journey in a virtual isometric 3D world. He doesn't know exactly how he got there. All he knows for sure is that he has to find a way out! The only way out is to reach the emergency exit at the very top of the world. To reach the top, you'll have to traverse from Altitude to Altitude, solving puzzles, and surpassing obstacles along the way. Most of all, you'll have to work with a very important ability, Perspective. There's more to the world than you think! It's full of illusions and tricks that will try to stop you from reaching the top! Thankfully, perspective will allow you to break each illusion by rotating your viewpoint 90 degrees at a time. An area or clue that you can't reach or find might be hidden in a certain direction. Be warned! You won't always be able to rely on Perspective! You'll have to rely on your own skills to reach the exit and help Cole make it back home to the real world! Remember, everything is not what it seems. Good luck!
