What's New In MotionComposer?

Read more MotionComposer Screenshots Download MotionComposer for FREE. We have provided a total of 825 downloads since this app was listed on Cydia on December 18th, 2011 and it has been downloaded around 1,148,287 times. MotionComposer Comments Log in to be able to leave comments and get feedback on this App. MotionComposer Comments Think of it as a flash player for web. If you're looking for a simple way to animate your web content, you should definitely check this out. By cybotron 5.0 out of 5 I use it to make little animation on my page, but I think it have a lot of utility applications. By LoDude 5.0 out of 5 Useful when you want to design some elements like button, button animation or slider. By Danny S. 4.8 out of 5 It's a great tool for animating my HTML5/CSS3 websites. I can easily do the animations on my iPhone with it. By Josh B. 5.0 out of 5 One of the best animation apps out there for the web. By Trickseries 4.2 out of 5 Works great but is awfully slow. By God I Love It!!! 5.0 out of 5 Another awesome app!!! By Mousie5 5.0 out of 5 Great addition to the app store! By Subclaime 4.8 out of 5 It's ok. Only reason I'm 4/5 and not 5/5 is I don't use it anymore. It worked well, but the pull down menu to create/delete objects is kinda annoying. I've found my next tool. By Nick C. 4.9 out of 5 I use it for creating well-designed animations for my web page(s). By Gaveu 4.7 out of 5 I love the simplicity of it. It's a great tool for quick and effective animations. By Ogv 4.8 out of 5 Really nice app, but I found no option to change video duration or volume. It makes apps for web animations perfect. By J.B.

System Requirements:

Running on: Machine Type: OS: RAM: Hard Drive: Maximum Resolution: Compatible Video Cards: Required Acrylic: Instructions: Hook up the included power cord. Plug in the supplied power cable into the included power supply and use to power the controller. Take note of the required acrylic side for the buttons and push the one side to make it the one that is on the bottom of the controller. I
