If I select Tuesday through Friday, I want the input boxes to automatically display as Tuesday, Wednesday, Thursday, and Friday. In a moment I will explain why I need this, but for now the question is how do I make it so the form automatically "knows" what the user's selections are and updates the input boxes to display the corresponding days. See the list of available days in the standard culture: var availableWeekDays = new[] { new WeekDay(DayOfWeek.Monday, "Monday"), new WeekDay(DayOfWeek.Tuesday, "Tuesday"), new WeekDay(DayOfWeek.Wednesday, "Wednesday"), new WeekDay(DayOfWeek.Thursday, "Thursday"), new WeekDay(DayOfWeek.Friday, "Friday")
