The Gradient tool lets you apply visual effects to images. It produces consistent, convincing gradients that are always smooth and predictable. The Gradient tool can produce a wide range of effects, from muddy, brown gradients to psychedelic, rainbow-colored ones. You can use this tool to paint on your images or to paint within an image by changing the gradient type. The Spot Healing Brush is a tool that can be used to quickly repair image imperfections. It has a broader range of settings than the Clone Stamp. The Magic Wand tool is used to select areas

of the image that look similar in color or tone. It highlights the area that is similar to the surrounding pixels. The Pen tool lets you paint on images. The Pen tool can be used to draw shapes on images, add text to an image, or erase pixels from an image. The Paint Bucket tool is used to fill a new area on a layer with the same color as the surrounding pixels. This is useful for simple masking, and for filling in areas on an image that aren't selected. The Paint Bucket and Eraser tools can be used to remove pixels from images. They are great for retouching images. The Move tool lets you move an image around the workspace. Click the image once to

grab the selection handles, and drag the image to reposition it on the screen.

The Move tool lets you move an image around the workspace. Click the image once to grab the selection handles, and drag the image to reposition it on the screen. You can often freeze the position of a layer, by using a layer's lock option, or any of the "pinning" options on the Layers panel. This helps your layers group together when you switch to the appropriate group layer. Using the layer's lock option, you can temporarily freeze a layer and prevent that layer from moving around the layers panel or from being altered or deleted. The layer's lock options lets

you lock a layer or lock the position of a layer. It can be used to freeze a layer, move the layer out of the way, and lock the layer so that it's protected from edits. Layer Styles are special effects that can be applied to layers in Photoshop. Layer Styles can be used for an impressive variety of effects. The Hue/Saturation adjustment layer is a special kind of layer that adjusts the saturation or lightness of an image. The Hue/Saturation adjustment layer can be used to remove color from an image,

(CNN) The parents of a "cat person"

may have a lot to answer for, thanks to their clearly underage daughter's "Seasons Greetings" cover photo on Instagram. A photo that remains on her profile as of Monday reads, "Hello you all!! Thanks for helping me celebrate my new years with me ❤️👉" The shot appears to have been taken at 5 a.m. ET Sunday, according to Instagram. Others have weighed in on her "wild" photo. Someone who goes by @uncleswaggle wrote, "Well this just takes the cake." And another commenter, @simplythezell, wrote, "Just when I think of my kids, I wonder whether their age is creeping up or down the number of consecutive hours of sleep

I'm willing to allow. This photo, with its cathects of drucuality, is just proof of what happens when this happens." Read More

After a long story-telling session one of my friends just started telling me a story about some Indian village. He was pointing out the different things that the village has as well as the different ways it is adapting to the modern world. I was watching him with interest, wishing he would continue. He started saying something about "we Indians" and soon someone else chimed in and started saying something about how Indians should adopt the American way of life and stop all this archaic stuff that Indians are used to doing.

"Okay, okay, my argument is with the Indians themselves. We are used to traditional ways and for us to adopt the US way of life will not be as easy, it will not be easy. It will be hard and it will be scary." I knew right then that I had to speak up. And I did. "Well, I don't think that there are any simple things in life or that there are any easy solutions to the problems we face."

"Yes, I see the trouble in Pakistan and the trouble in the Middle East. Yes, I see the trouble with people like Bin Laden and those who have killed thousands. I'm not unsympathetic."

"But I also think it is important that we should look at this through the

perspective of experience, and look at what is happening in other countries at the same time. There are no solutions, no simple answers, no easy ways." "Do not say that I am an unsy

The most recent GeForce card which is recommended for all cards (including older generations).
