To optimize productivity and customization, AutoCAD offers a wide range of customizable user interface options (UI), referred to as user interface elements or UI Elements. According to Autodesk, "[...] UI Elements, which can be used to customize the user interface (UI), provide one or more modifications to the UI elements." UI Elements include: Dialogs; [...] Flyout panes; [...] Custom Keyboard Shortcuts; [...] User-Defined Toolbars; [...] User-Defined Tool Palettes; [...] User-Defined Views; [...] User-Defined Formatting Options. The AutoCAD UI has become customizable via a wide range of elements. UI Elements also contribute to personalizing AutoCAD. [Image 1 of AutoCAD 2020 Release 1.0 from Autodesk.] AutoCAD has a rich feature set, with a plethora of functions and tools. The main functions in AutoCAD are the drawing and viewing, the creation of documents and drawings, and the manipulation of points, lines, polylines, and circles. A number of different tools have been added to AutoCAD that create additional functions and ease of use. There are more than 350 such tools, which are listed in the AutoCAD manual. Most functions and tools are categorized into the main categories of drawing, modeling, visualization, and editing. In general, the appearance of the icons and images in AutoCAD is intuitive and easy to understand, and the interface is easy to navigate. This is quite different from the numerous other features and tools of AutoCAD. The drawings and views in AutoCAD can be created from models or imported from other applications. The customization options allow designers to make their drawings look how they want, including changing the color schemes, fonts, font styles, views, data properties, 3D perspectives, and the shapes and styles of lines, areas, and text. Autodesk Exchange Apps (formerly Autodesk Application Marketplace) is a software marketplace within Autodesk that allows users to download and install applications developed by Autodesk and third-party developers. Autodesk Exchange Apps is a separate product from Autodesk Exchange, the peer-to-peer file sharing platform. While these products are both hosted by Autodesk and there are

many similarities between them, the Exchange App store is a closed platform, available only to Autodesk customers and only to software purchased from Autodesk or Autodesk Authorized Resellers. For instance, in 2013, Autodesk replaced the Autodesk Exchange Apps with the Autodesk Exchange platform. In addition to the APIs, there are a number of add-ons provided through Autodesk Exchange Apps (formerly Autodesk Application Marketplace). Autodesk Exchange Apps allows users to download and install software as extensions for AutoCAD, Autodesk Fusion 360, and Autodesk DWF/DWX Viewer. In 2013, Autodesk introduced the Autodesk Exchange app store, replacing Autodesk Exchange Apps and Autodesk Exchange (formerly Autodesk File Exchange). Autodesk Exchange was a peer-to-peer file sharing application that was integrated with the desktop AutoCAD application. In contrast to Autodesk Exchange Apps, the Autodesk Exchange app store is a closed platform, available only to Autodesk customers and only to software purchased from Autodesk or Autodesk Authorized Resellers. In March 2017, Autodesk replaced Autodesk Exchange with the Autodesk Exchange platform. A number of commercial plugins and plugins-based add-ons are available. They are listed here. Autodesk Exchange apps AutoCAD Exchange Apps provide a range of features to help speed up the process of designing and engineering. With the collection of apps from Autodesk you can turn your skills into actionable information. AutoCAD AutoCAD has a number of add-ons that extend the capabilities of the standard AutoCAD program. Examples include: FileWrap feature for turning PDF drawings into AutoCAD drawings Set Vee feature for using a projector to create a paper model ExportOutline for creating a 3D visual of a plan and section view Homebase, a tool that provides numerous capabilities that can be used to efficiently organize drawings, project schedules and other documents Stretch/ af5dca3d97
