We are a team of enthusiasts that love to play games of all kinds.Spectrum S6 Pro Smartwatch The Apple Watch Series 2 is a great all-around smartwatch that runs the Apple Watch OS. However, if you're looking for more from your smartwatch, look no further than the new Spectrum S6 Pro. It's much more than just a smartwatch, though. Its special features include advanced health features and an OLED display to make the health information you want to see, such as your heart rate, burn calories, and steps, a lot more visible. This makes it a great watch for fitness. That's not all, though, as the watch has special features like the built-in speaker for music and the built-in Bluetooth speaker for calls. We'll talk about those features in this review and look at the Spectrum S6 Pro's performance and battery life. We'll also test the watch's fitness features to see if they're any good. Finally, we'll look at the watch's new style and how it compares to the Apple Watch Series 2. Spectrum S6 Pro Smartwatch Specs The Spectrum S6 Pro features an OLED display and a 1.39-inch AMOLED display that runs at 390 x 390 pixels. This translates to around 280 pixels per inch for the display. The display's resolution is 312 ppi.
