Halo.4 reloaded.rar password spy .rar - In general, I tell you that there is one person. But that's later, but first I'll tell you how it all began. And it all started like this. Summer has come, and with it the session. The test week has passed, and the exams have not yet arrived. All this time I worked hard, almost not noticing how quickly time flies. And finally Friday. The day of the exams has arrived. I was on the rise from the very morning - the mood was just great. Gathered quickly. The backpack had all the necessary things and documents. I got on the bus and went to study. He came and, as usual, immediately ran to the classroom. This time everything went according to schedule and there were no deviations. Although I tried to remember everything, it was not easy. All items were quickly forgotten. But it doesn't matter, I thought, I still have ahead of me. Somehow the school day flew by. It's already quite dark. I went outside with all the guys and went to the bus stop. Everyone has come home. The bus is already heard, it drives up. The driver comes out... And I see him - this is the same person who came yesterday. Everyone knows him, he is a physics teacher. He says something to the driver, gets off the bus and walks towards our house. I followed him. But, oddly enough, he did not come to us, but went to the back yard and through the gate. He walks and looks around. Suddenly he stopped near some bush, bowed his head and began to look for something.
