Engeyum Kadhal (Tamil film) also received mixed/medium reviews but I loved it and will be getting the DVD. It has a mixture of French and Tamil spoken and ... it's so easy and fun to watch that I wish I could watch it over and over again. One thing about the movie that I don't like is that there are so many characters trying to impress each other. They do it pretty well, but I don't think it's as fun as it could be. There are also many funny moments in the film, such as when one of the main characters (Ravi) falls off the balcony, his arm breaks, so he needs to fix it. dd2bc28256
