
PTGui Pro 9.1 Portable

Originally developed as.... PTGui is software for merging images into a seamless 360-degree spherical or gigapixel panoramic image. image.. With PTGui, users can create spherical panoramas and gigapixel panoramas that can be used to create 360° videos and 3D panoramas. PTGui also allows users to create spherical panoramic videos that contain GPS data. The Android app is called PTGui. You can download it for free on Google Play. The PTGui application requires an Internet connection to receive images and GPS data.
