now it should be clear that if a girl has an amazing rack of any size, she also has a great attitude, as this girl is on fire about having tits. these are the kind of tits that get things done! of course shes sexy, sexy all over. shes lean but round and has a wonderful blonde bush you cant seem to get off her, especially when she squirts. she has a pair of massive breasts, and even has nipples that defy belief. look at those things, they are the type that would have you drooling just looking at them. i run a factory in a small town 50 miles east of minsk. the factory is nowhere near the economic 'pot of gold at the end of the rainbow' that minsk prides itself on. no, the factory is not for sale to the highest bidder, nor has it ever been an almighty business that has paid the bills since my grandfather (who died in 1941) passed away. its just an old used car or truck repair shop, with a lot of power tools, and about 20 workers. i sell tires and tubes to local garages and mechanics for a little extra money in the summer and at the end of the year i get my money and make up a list of who owes what, and write out a bill in russian for them to pay or fix their cars. the people of the factory all know me and i am here when they have accidents and need repairs. i have all kinds of people coming to me for repairs, they have all kinds of cars, and i have never before dreamed of having a sexual relationship with someone outside the factory. but this is beginning to happen, and its all because of my greatest wish. i am hoping that i can let my guard down, and learn to love, or learn to truly love a woman (as far as the feelings are concerned, by that i mean i dont care who she is, that i am not married, or seeing anyone else). there are only a couple of people in the factory i would like to see, and thats ella.

Valya 7Yo Sweet Russian Angel With Smile

it seems valentina is pregnant, at least cocksucking she is! unfortunately, we had planned to visit her, and would have preferred to have her with child. but just as we feared, her previous encounters had withered her natural wit and spirit, and she is now much diminished. however, we at least can visit her before her old aunt, who seems like a god-damned troll, comes. we need to make sure she will do her part, and we dont want her belly to grow. you, her husband, seem to be the perfect choice. you can fill the harlot, and this way she can be rid of you, as we want her anyway. take her upstairs and stuff her tight pussy with your rock hard cock. now the two are out of the house, and our plans can take place. the plan is straight forward. first we lure them into the kitchen. we have a surprise for them! watch as tasty val struggles to maintain her composure, and then you can watch as she struggles and begs you to fuck her tight cunt. her eyes are wide and the begging in her eyes and moans will be the next thing you see from her. this was plan a; now we have to come up with plan b. plan b is to rescue young marina and make her pregnant so we can continue to fuck her whenever we please. we will take her to the u.s. and make her a part of the family. after all, shes a whore. ella here. i was waiting in the park and recreation area at the planetarium - you know the place where you go to talk and dream about sex? well, they have excellent internet there. so it turns out that i have a visitor! seems that some guy i didnt know accosted me and asked me to show him some pussies! luckily, i went for it, and he appeared to be of the size that i could find some use for. i could hardly believe my luck! and then a little boy came out of nowhere and kissed me! i was so surprised that i couldnt stop him! and then he fondled me all over, pulling my hair and getting on my tits! i can't believe i've never tried an 18 year old until now. but i suppose that i can now. theyre all screaming for it over there right now, as i'm sure it is! they're all screaming at the picture of my big tits! and there are plenty of them to show! i think thats it. i'm going to have my picture all over the internet! i'll be delighted to have some action like this! hope i can do it too! and so do you!
